

Day 5

Agenda

- What is kubernetes
- Containers
- Volumes
- Configmaps
- Demo

REST

- 4 base Operation
- Create
- READ
- UPDATE
- DELETE
- On What ??

- RESOURCE
- What is Resource

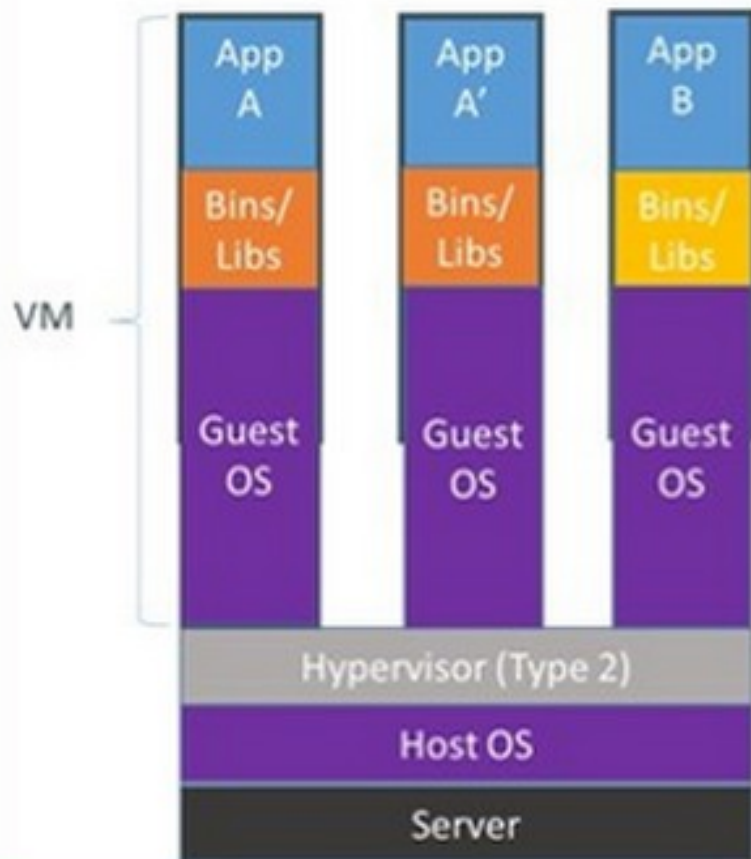

K8 Resource

PODS
Volumes
Configmaps
Networks
Node
Namespace

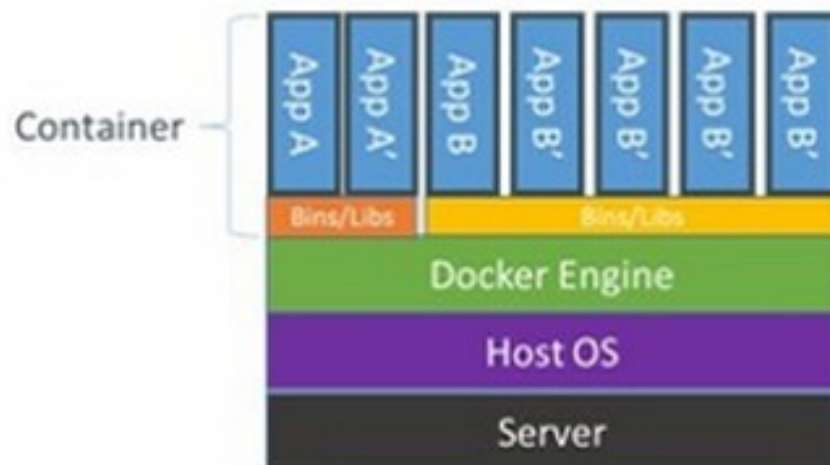

CREATE
UPDATE
READ
DELETE

Container

Containers vs. VMs

Containers are isolated, but share OS and, where appropriate, bins/libraries

Container
